New York, NY 10016 (P) 212.725.3509 (E) service@hightoweraccess.com

Børge Mogensen designed this timeless sofa series, one of his last, in 1971. With its pure, unpretentious idiom, the model is a natural culmination of the designer's lifelong quest for clearly defined simplicity. His son, Peter Mogensen, later added a chair (2334) and a 2½-person sofa (2335), thus completing the series.

Mogensen 2300 Collection
