Forum Collection

Forum is a series of light, comfortable furniture with or without arm rests, suitable for use in receptions, lobbies, foyers, waiting and resting areas etc. - in short, places where the client/user experiences the first and crucial impression of the room or the company's identity and design.

The exposed wood back is available in clear lacquered maple and cherry or black stain w/Soft touch effect (feels like touching rubber or leather) - the base is available in mirror chrome or black powdercoat.
