Frank Coat Stand

MT9311 Frank Coat Stand

The Norwegian design team, Norway Says, has created a clothes rack with a strongly innovative language of design and clear functionality.

The Frank can hold a large amount of clothes while at the same time acting as a striking object of interest in its surroundings.

The basic design consists of the clothes rack, which comes in two lengths. This can then be complemented by a steel tube/plate shelf or a spun sheet metal storage basket.
