Wegner J16 Rocker

Designed by Hans J Wegner

J16 is a true Hans J Wegner classic. The chair was introduced by FDB Furniture in 1944 and has been in production ever since. Wegner stresses the importance of freedom of movement and ergonomics in his chair design – features particularly embodied by the rocking chair. To accompany the rocking chair, Wegner designed a footstool.

Available in clear lacquered beech or and black-lacquered finish.

Both the rocking chair and the footstool sport hand-woven seats in natural paper yarn.

Model #F-16000
