

POP

- 3D, form pressed plywood element
- Large convex panels measure 15 $\frac{3}{4}$ " x 15 $\frac{3}{4}$ "
- Large panels kept IN STOCK in unfinished birch
- Panels can be stained to match locally by the contractor or finished by Hightower.
 - Flat panels are also available as a special order product
 - POP prices out at avg. price of \$35 per sq.ft.
 - Typically sold by the master case of 16 panels per case
- Panels are routed on all 4 sides and mounted with concealed aluminum track fittings
- Profiles are drilled directly onto the substrate and panels slide right onto the tracks.
 - Panels are flush after installation, no reveal
- 12" intermediate and edge fittings provided and included in the panel price
 - "Fast Track" 5 foot long fittings are available for \$22 each.
 - "Fast Track" fittings improve installation time by 70-80%
 - Panels deflect sound after installation.
 - Used at Washington State University's Student Union
